Pyry-Samuli Lahti

2/18/2011

Personal Data

Name: Pyry-Samuli Lahti
Date of birth: 1/18/1983
Home town: Järvenpää, Finland
GSM: +358 40 746 8585
Email: ps.lahti@iki.fi
Homepage: <http://www.pyppe.fi/>

Core Competence

Software development professional with strong and broad experience in software processes, requirements engineering, programming and test automation. Excellent communication skills.

Education

- 2003 – 2009** **Master of Science in Technology** (graduated with distinction), 2/23/2009
– Helsinki University of Technology (HUT)
– Major subject: *Software Engineering and Business*
– Minor subject: *Telecommunications Software*
– Master's thesis: *Automated System Testing of Web-based Applications*
- 1999 – 2002** **Secondary School Graduate**, 6/1/2002
– Tapiolan lukio

Work Experience

Ixonos
01/2008 →

I work as a software consultant in a variety of projects. Typically my duties have included software development, -design and testing (especially test automation), and requirement management. I've worked (among others) with following projects:

Semantic publishing platform and website

Technologies: Java, Spring Framework, Jena, SPARQL, RDF/XML & RDFa, XML-FO, XSLT, Selenium, TestNG

Portal solution for eLearning

Technologies: Java, JBoss AS 5, EJB 3.0, JPA, JAXB, Liferay Portal EE 5.2, Portlet development (JSR 286), Spring MVC, jQuery, TeamCity 5, JUnit, Mockito, Hamcrest

Crisis information Content Management System

Technologies: Java, Alfresco WCM, XSLT 2.0, Apache Httpd, JMeter

Media consumer portal

Technologies: PHP, Zend Framework, Lucene search engine

Data-warehouse for Ad reporting

Technologies: Java, JBoss, Oracle, Spring MVC, jQuery, Talend Open Studio, JasperSoft iReport, TeamCity, TestNG, Selenium

Online magazine

Technologies: Java, Tomcat, Httpd, OpenCms

Nokia Siemens Networks
05/2007 – 12/2007

In NSN I worked as a system verification engineer for Open EMS Suite. My main job was to develop test applications for this platform in JSP- and J2EE/Netbeans –environments.

HUT / SoberIT
09/2006 – 03/2007

I worked as a course assistant at the Software Business and Engineering institute:

- T-76.4602 *Software development methods*
- T-76.5615 *Requirements engineering*

HUT / SoberIT
06/2006 – 08/2006

I was part of a research team – working as a software developer. My primary tasks were to develop an application designed for creating different software configurations and to create a user interface for it. The application was implemented by using Java and SWT/JFace in Eclipse PDE (Plug-in Development Environment).

We used agile software development methods to guide our development process. I was also responsible for creating acceptance tests for the new functionalities using FitNesse + FIT (Framework for Integrated Tests).

Orion Pharma ITS, Orion
06/2005 – 08/2005

I worked in IT-support. My responsibilities included customer support, guidance, installation and maintenance of workstations and peripherals, and solving service requests.

Securitas
07/2003 – 12/2004

I worked as a security guard.

Skills

Languages:

Finnish (native speaker)
English (very good)
Swedish (basics)
German (basics)

Information technology:

Programming- and description languages, and databases:
Java, JSP, PHP, PL/SQL, C# (perusteet), C/C++ (perusteet), Linux Shell scripting, Scheme (perusteet), XSLT 2.0, XML-FO, XML, HTML, CSS, JavaScript, JSON

Other technologies and products:

Spring Framework, EJB 3.0, Play framework (incl. Groovy templates), JPA / Hibernate, Zend Framework, Android SDK, Apache Httpd & Tomcat, JBoss AS, Swing, SWT, JAXB, jQuery

Alfresco WCM, Liferay Portal EE, Drupal, WordPress, OpenCms, Talend Open Studio (ETL modeling)

Test tools and environments:

TestLink, Bugzilla, JIRA & GreenHopper, FIT + FitNesse, JUnit, Mockito, TestNG, DbUnit, Selenium, Sahi, JMeter, TeamCity, CruiseControl, Apache Ant, Maven

Other hobbies:

My hobbies include jogging, athletics and judo. I started judo when I was 6 years old and I've practiced it quite persistently being selected for the representative team of Finnish Judo Association. Competition achievements worth to mention are e.g. medals in Finnish Championships (age groups A-19 and B-17) and gold/silver medals in ne-waza (men).

Certificates

Programming:

Sun Certified Programmer for the Java Platform, Standard Edition 6.0 (310-065), 01/2009
